

## NEWLY PUBLISHED BOOKS ON TRANSPORT AND TRANSPORTATION

Aralbaeva, G. G., Kovalenko, A. V., Aralbaev, A. T. Organizational and economic mechanisms of development of regional air transportation (the example of Orenburg region): monograph [*Organizacionno- ekonomicheskie mehanizmy razvitiya regional'nyh aviaperevozok (na primere Orenburgskoj oblasti): monografija*]. Orenburg, Orenburg State University publ., 2016, 126 p.

Berent, V. Ya. High-current sliding contact (properties, damageability and processes occurring in it). Research of railway transport institute [*Sil'notochnyy skol'zjashhij kontakt (svoystva, povrezhdaemost' i processy, protekajushhie v nem)*. Nauch.-issled. in-t zh.-d. transp.]. Moscow, Analitika Rodis publ., 2016, 328 p.

Bogomolov, O. A. Innovative economy and rail transport: monograph [*Innovacionnaja ekonomika i zheleznodorozhnyj transport: monografija*]. Moscow, RIOR publ., 2016, 217 p.

Danilina, E. I., Gorelov, D. V., Malikova, Ya. I. Innovative management in personnel management: textbook [*Innovacionnyj menedzhment v upravlenii personalom: uchebnik*]. Moscow, Dashkov and Co. publ., 2016, 207 p.

Filatov, M. I., Puzakov, A. V., Gorbachev, S. V. Information technologies and telematics in automotive transport: educational guide [*Informacionnye tehnologii i telematika na avtomobil'nom transporte: ucheb. posobie*]. Orenburg, Universitet publ., 2016, 199 p.

Gabets, A. V. [et al]. Modern technologies for manufacturing large-sized parts of railway transport: monograph [*Sovremennye tehnologii izgotovlenija krupnogabaritnyh detalej zheleznodorozhnogo transporta: monografija*]. Barnaul, AltSTU publ., 2016, 126 p.

Guskova, M. F., Savchuk, R. R., Trofimov, D. A. Improvement of the business process of transport planning within the framework of CSODM on the basis of new quality tools: monograph [*Sovershenstvovanie biznes-processa transportnogo planirovaniya v ramkah KSODM na osnove novykh instrumentov kachestva: monografija*]. Moscow, Pero publ., 2016, 126 p.

Kalinina, O. V., Bril, A. R., Akhalaya, O. A. Personnel management of the organization: economic and social aspects [*Upravlenie personalom organizacii: ekonomicheskie i social'nye aspekty*]; Ed. by I. V. Ilyin. St. Petersburg, Publishing house of Polytechnic University, 2016, 130 p.

Kharchenko, A. O., Kiyashko, L. A., Soustova, L. I. Specialized rolling stock of road transport and loading and unloading devices. Tutorial: educational guide [*Specializirovannyj podvizhnoj sostav avtotransporta i pogruzochno-razgruzochnye ustrojstva. Praktikum: ucheb. posobie*]; Sevastopol State University. Moscow, Vuzovskij uchebnik publ., 2016, 127 p.

Khrustaleva, Z. A. Metrology, standardization and certification: tutorial: educational guide [*Metrologija, standartizacija i sertifikacija: praktikum: ucheb. posobie*], 3<sup>rd</sup> ed., ster. Moscow, KnoRus publ., 2016, 171 p.

Korshak, A. A. Resource and energy saving during transportation and storage of hydrocarbons: textbook [*Resurso- i energosberezhenie pri transportirovke i hranenii uglevododorodov: uchebnik*]. Rostov-on-Don, Feniks publ., 2016, 412 p.

Krasovskaya, E. A., Krasovskaya, V. N., Sitzanova, A. M. Management of a modern bus station: practical experience [*Upravlenie sovremennym avtovokzalom: prakticheskij opyt*]. Orenburg, Universitet publ., 2016, 260 p.

Kuklin, D. A. Reduction of the external noise of trains in the source and in the path of propagation [*Snizhenie vneshnego shuma poezdov v istochnike i na*

*puti rasprostraneniya*]. St. Petersburg, BSTU publ., 2016, 154 p.

New technologies for production of parts with extended service life for railway transport: to the 120<sup>th</sup> anniversary of Moscow State University of Railway Engineering (MIIT) [*Novye tehnologii proizvodstva detalej s uvelichennymi srokami ekspluatacionnogo sodержaniya dlja zheleznodorozhnogo transporta: k 120-letiju Mosk. gos. un-ta putej soobshh. (MIIT)*]: collection of scientific works / Russian Academy of Science, Moscow State University of Railway Engineering (MGUPS (MIIT)); Ed. by V. M. Fedin, S. P. Vakulenko; [scientific. ed. S. M. Rezer]. Moscow, VINITI RAS publ., 2016, 119 p.

Nosov, V. I. Ensuring electromagnetic compatibility for frequency-territorial planning of satellite communication systems with zone services: monograph [*Obespechenie elektromagnitnoj sovместimosti pri chastotno-territorial'nom planirovanii sistem sputnikovoj svyazi s zonal'nym obsluzhivaniem: monografija*]. Novosibirsk, SibGUTI publ., 2016, 251 p.

Sadchikov, I. A. [et al]. Organization of new industries: educational guide [*Organizacija novykh proizvodstv: ucheb. posobie*]. Ed. by I. A. Sadchikov. St. Petersburg, SPbGEU publ., 2016, 159 p.

Sapodarev, Yu. P., Kaptelin, S. Yu. Designing of a metal railway bridge: educational guide [*Proektirovanie metallicheskoego zheleznodorozhnogo mosta: ucheb. posobie*]. St. Petersburg, PGUPS publ., 2016, 61 p.

Serdechny, A. S., Serdechy, A. A. New high-speed electric trains, railways, electric cars, thermal stations and electric stoves, environmentally friendly and safe for people: monograph [*Novye vysokoskorostnye elektropoezda, rel'sovye puti, elektromobili, teplovye stancii i elektroplyti, ekologicheski chistye i bezopasnye dlja ljudej: monografija*]. Komsomolsk-on-Amur, KnAGTU publ., 2016, 235 p.

Shadrina, V. V. Application of decision-making models for the tasks of the main gas transport: monograph [*Primenenie modelej prinjatija reshenij dlja zadach magistral'nogo transporta gaza: monografija*], [chief ed. I. S. Kobersij]. Rostov-on-Don, SFU publ., 2016, 80 p.

Strelnikov, D. D., Strelnikova, I. A. Modern methods of organization and management of reloading processes in the seaport: monograph [*Sovremennye metody organizacii i upravlenija peregruzochnymi processami v morskome portu: monografija*]; Ed. by A. V. Bachishche. Novorossiysk, GMU n.a. F. F. Ushakov, 2016, 112 p.

Urushev, S. V. [et al] Designing of technological processes of mechanical processing of rolling stock parts: educational guide [*Proektirovanie tehnologicheskikh processov mehanicheskoy obrabotki detalej podvizhnogo sostava: ucheb. posobie*]. St. Petersburg, PGUPS publ., 2016, 98 p.

Yablokov, A. S. The fundamentals of robotics: a summary of lectures [*Osnovy robototekhniki: konspekt lekcij*]. Nizhny Novgorod, VGUVT publ., 2016, 92 p.

Zachesov, A. V., Deryabina, I. S. Transport infrastructure: educational guide [*Transportnaja infrastruktura: ucheb. posobie*]. Novosibirsk, SGUVT publ., 2016, 104 p.

Zakharov, N. S., Boyarkina, E. F. Transport logistics: tutorial [*Transportnaja logistika: praktikum*]. Tyumen, TIU publ., 2016, 53 p.

Zelenchenko, A. P., Tsaplin, A. E., Rolle, I. A. Technical diagnostics of electric rolling stock: educational guide [*Tekhnicheskaja diagnostika elektricheskogo podvizhnogo sostava: ucheb. posobie*]. St. Petersburg, PGUPS publ., 2016, 67 p.

Zelentsov, V. V., Kovalenko, Yu. V., Plotnikov, V. R. Maritime transport of the Far East in the system of economic security of Russia: monograph [*Morskoy transport Dal'nego Vostoka v sisteme obespechenija ekonomicheskoy bezopasnosti Rossii: monografija*]. Vladivostok, Maritime State University publ., 2016, 67 p.
