

NEW BOOKS ON TRANSPORT AND TRANSPORTATION

Akulova, A. A., Stroganov, Yu. N. Basics of car design. Tutorial [*Osnovy konstruktivnoy avtomobilye*]. Ekaterinburg, Urals university publ., 2017, 166 p.

Alexandrova, N. B., Pisareva, I. N. Organisation of railcar flows. Tutorial [*Organizatsiya vagonopotokov*]. Novosibirsk, Siberian state transport university publ., 2017, 104 p.

Bulaev, V. G. Ecological safety in transportation of dangerous waste and goods. Tutorial [*Ekologicheskaya bezopasnost' pri perevozke opasnykh otkhodov i gruzov*]. Ekaterinburg, Urals state university of railway engineering publ., 2017, 235 p.

Cheremisin, V. T., Tretyakov, E. A. Enhancement of methods and tools of transport management and of distribution of electric power in the power supply systems of stationary consumers of railways. Scientific monograph [*Sovershenstvovanie metodov i sredstv upravleniya transportom i raspredeleniem elektroehtnergii v sistemakh elektrosnabzheniya statsionarnykh potrebitelej zheleznykh dorog*]. Omsk, Omsk state university of railway engineering publ., 2017, 168 p.

Economics of passenger transport. Tutorial. 2nd ed. [*Ekonomika passazhirskogo transporta*]. Gen. ed. by Persianov, V. A. Moscow, KnoRus publ., 2017, 389 p.

Fedorov, L. S., Persianov, V. A., Muhametdinov, I. B. General course of transport logistics. Tutorial. 2nd ed. [*Obshhiy kurs transportnoy logistiki*]. Moscow, KnoRus, 2017, 213 p.

Generalisation of global experience of heavy load traffic: control of the maintenance of the system «wheel-rail». Monograph [*Obobshchenie mirovogo opyta tyazhelevosnogo dvizheniya: upravlenie soderzhaniiem sistemy koleso-rel's*]. Ed. by Efremov, A. Yu. Moscow, JSC VNIIZhT, 2017, 420 p.

Gromov, V. E., Peregudov, O. A., Ivanov, Yu. F. [*et al*]. Evolution of structure-phase states of metal of rails in long-term operation. [*Evolutsiya strukturno-fazovykh sostoyaniy metalla rel'sov pri dlitel'noy ehkspluatatsii*]. Novosibirsk, Siberian branch of Russian Academy of Sciences publ., 2017, 163 p.

Harlamov, P. V., Gorin, S. L., Mihailuk, A. V. Monitoring and expertise of service structures and systems. Tutorial [*Monitoring i ehkspertiza ob'ektov i sistem servisa*]. Rostov-on-Don, Rostov-on-Don state university of railway engineering publ., 2017, 117 p.

Instruction on design, laying, construction and maintenance of jointless track [*Instruktsiya po ustroystvu, ukladke, soderzhaniiyu i remontu besстыkovogo puti*]. Moscow, Infra-M publ., 2017, 177 p.

Kolesnikov, M. V., Motrenko, D. P. Management of the railroad transport system: concepts, models and organizational mechanisms. Monograph [*Upravlenie zheleznodorozhnoy transportnoy sistemoy: kontseptsii, modeli i organizatsionnye mekhanizmy*]. Moscow, Russian Academy of Sciences, 2017, 269 p.

Kozak, V. N. Provisions of railway freightage. Tutorial [*Obespechenie gruzovykh perevozok na zheleznodorozhnom transporte*]. Rostov-on-Don, Rostov-on-Don state university of railway engineering publ., 2017, 227 p.

Levin, D. Yu. Operations of railways: axioms and patterns. Textbook [*Ekspluatatsionnaya rabota zheleznykh dorog: aksiomy i zakonomernosti*]. Moscow, Infra-M publ., 2017, 330 p.

Mayba, I. A., Glazunov, D. V., Ananko, A. M. Friction materials of particular purposes for the contact area «wheel-rail». Monograph [*Friktsionnye materialy spetsial'nogo naznacheniya dlya zony kontakta «koleso-*

rel's»]. Rostov-on-Don, Rostov-on-Don state university of railway engineering publ., 123 p.

Morozov, P. E., Chanyshv, A. S., Salomatin, I. N. Features of legal regulations of the labour of aviation staff of civil aviation of the countries of Eurasian economic union. Scientific and practical aid [*Osobennosti pravovogo regulirovaniya truda aviatsionnogo personala grazhdanskoy aviatsii stran Evrazijskogo ehkonomicheskogo soyuza*]. Moscow, Prospekt publ., 2017, 176 p.

Novakovich, V. I., Karpachevsky, V. V., Kornienko, E. V. Applied problems of calculation of rail track and artificial structures. Tutorial [*Prikladnye zadachi rascheta zheleznodorozhnogo puti i iskusstvennykh sooruzheniy*]. Rostov-on-Don, Rostov-on-Don state university of railway engineering publ., 2017, 82 p.

Orlov, A. M., Ivankova, L. N., Podorozhkina, A. V., Ivankov, A. N. Refrigerated transport and basics of heat engineering. Textbook [*Hladotransport i osnovy teploekhniki*]. Moscow, Russian University of Transport (MIIT) publ., 119 p.

Pikalina, Yu. A., Rachev, S. V., Selina, O. V. Economics and management of renewal of railway rolling stock. Monograph [*Ekonomika i upravlenie modernizatsiej podvijnogo sostava na zheleznodorozhnom transporte*]. Ekaterinburg, Urals state university of railway engineering publ., 2017, 174 p.

Romanov, V. A., Korneev, M. V., Naperov, V. V., Teslenko, I. O. Technics and technology of railway freight operations. Tutorial [*Tekhnika i tekhnologiya gruzovykh operatsiy na zheleznodorozhnom transporte*]. Ed. by Ostrovsky, A. M. Novosibirsk, Siberian state transport university, 2017, 206 p.

Ryabchinsky, A. I., Karpov, V. V. Safety of road vehicles. Textbook [*Bezopasnost' avtotransportnykh sredstv*]. Moscow, Academia publ., 2017, 268 p.

Sinitin, V. V., Kobishanov, V. V. Braking systems of freight rail cars: design and calculations. Tutorial [*Tormoznye sistemy gruzovykh vagonov: proektirovanie i raschety*]. Ed. by Antipin, D. Ya. Briansk, Briansk state technical university publ., 2017, 191 p.

Sorochkina, I. S. Special conditions for goods carriage. Tutorial [*Perevozka gruzov na osobnykh usloviyakh*]. Rostov-on-Don, Rostov-on-Don state university of railway engineering publ., 2017, 71 p.

Tsvigun, V. N., Shur, E. A., Kuznetsov, V. N., Koinov, R. S. Studying mechanism of contact wear defects in rails. Monograph [*Izuchenie mekhanizmov kontaktno-ustalostnykh defektov v rel'sakh*]. Novokuznetsk, Siberian state industrial university publ., 2017, 132 p.

Tyapuhin, A. P., Haitbaev, V. A., Chertikovtsev, V. K., Uvitsa, N. V. Commercial logistics. Textbook [*Kommercheskaya logistika*]. Moscow, KnoRus publ., 2017, 316 p.

Vasiliev, Yu. E., Valiev, Sh. N., Ilyin, S. V. [*et al*]. Assessment of technical risks in technical regulation of road facilities. Monograph [*Otsenka tekhnicheskikh riskov v tekhnicheskoy regulirovani dorozhnogo khozyajstva*]. Ed. by Kochetkov, A. V., Kokdeeva, N. E. Moscow, MADI publ., 2017, 295 p.

Vinokurtseva, E. A. Practical work in Economics of operations. Tutorial [*Praktikum po distsipline «Ekonomika ehkspluatatsionnoy raboty»*]. Moscow, Sputnik+ publ., 2017, 72 p.

Vlasov, V. M., Maktas, B. Ya., Bogumil, V. N., Konin, I. V. Wireless technology for road transport: global navigation and positioning identification of transport vehicles. Tutorial [*Besprovodnye tekhnologii na avtomobil'nom transporte: global'naya navigatsiya i opredelenie mestopolozheniya transportnykh sredstv*]. Moscow, Infra-M publ., 2017, 182 p.

We are proud of the past, we are building our future: 85th Anniversary of Ufa state aviation technical university [*Gordimsya proshlym, stroim budushhee*]. Ufa, UGATU publ., 2017, 378 p.
