

NEW BOOKS ON TRANSPORT AND TRANSPORTATION

Ageev, E. V., Altukhov, A. Yu., Novikov, A. N., Novikov, E. P. Renewal and hardening of worn car parts with tungsten-containing nanocomposite electro spark coatings: Monograph [*Vosstanovlenie i uprochnenie iznoshennykh detalei avtomobilei vol'framsoderzhashchimi nanokompozitsionnymi elektrkoistrokymi pokrytiyami: Monografiya*]. Kursk, Universitetskaya kniga publ., 2018, 214 p. ISBN 978–5–6040046–8–5.

Borsoev, V. A., Lebedev, G. N., Malygin, V. B. [et al]. Decision making in air traffic control problems: methods and algorithms [*Prinyatie resheniya v zadachah upravleniya vozdushnym dvizheniem: metody i algoritmy*]. Ed. by E. E. Nechaev. Moscow, Radiotekhnika publ., 2018, 415 p. ISBN 978–5–93108–158–8.

Burkov, V. N., Kondratiev, V. D., Shchepkin, A. V. Mechanisms for improving road safety [*Mehanizmy povysheniya bezopasnosti dorozhnogo dvizheniya*]. 2nd ed., rev. and enl. Moscow, URSS publ., 2018 (cop., 2017), 207 p. ISBN 978–5–9710–4903–6.

Degtyar, V. G., Son, E. E. Hypersonic aircraft: in 2 volumes [*Giperzvukovye letatel'nye apparaty: v 2 t.*]. Moscow, Yanus-K publ., 2018, Vol. 1, 983 p.

Eliseev, B. P., Kozlov, A. I., Bolelov, E. A. [et al]. Radar. Wave propagation. Aeroradioavigation [*Radiolokatsiya. Rasprostraneniye voln. Aeronavigatsiya*]. Ed. by A. I. Kozlov. Moscow, Dashkov and Co. publ., 2018, 195 p. ISBN 978–5–394–02865–6.

Eliseev, B. P., Tsipenko, V. G., Bolelov, E. A. [et al]. Aeromechanics and aerodynamics [*Aeromehanika i aerodinamika*]. Ed. by V. G. Tsipenko. Moscow, Dashkov and Co. publ., 2018, 291 p. ISBN 978–5–394–02867–0.

Ganguli, R., Panchore, V. The rotating beam problem in helicopter dynamics. Singapore, Springer, 2018, 99 p. ISBN 978–981–10–6097–7.

Gareeva, N. B., Shildt, L. A., Sinit-syna, I. A. Modern ways of urban transport

system development: Monograph [*Sovremennye puti razvitiya transportnoi sistemy gorodov: Monografiya*]. Novosibirsk, Publishing house of CRNS, 2018, 126 p. ISBN 978–5–00068–951–6.

Ivanov, N. A., Kharchenko, K. A. New designs of light all-terrain vehicles and their traction properties: Monograph [*Novye konstruksii vezdehodov i ih tyagovye svoistva: monografiya*]. Khabarovsk, Publishing house of TOGU, 2018, 182 p. ISBN 978–5–7389–2395–1.

Kalmykov, B. Yu., Ryzhikov, V. A., Ovchinnikov, N. A. Aspects of safe operation of motor transport: Monograph [*Aspekty bezopasnoi ekspluatatsii avtomobil'nogo transporta: Monografiya*]. Rostov-on-Don, DSTU publ., 2018, 123 p. ISBN 978–5–7890–1404–2.

Khlebnikova, V. V. Theoretical and methodical foundations of the economy of natural resources management for prevention of marine pollution from vessels: Monograph [*Teoretiko-metodicheskie osnovy ekonomiki prirodopol'zovaniya po predotvrashcheniyu zagryazneniya moray neft'yu s sudov: Monorafia*]. Moscow, Universitetskiy uchebnik; Infra-M publ., 2018, 118 pp. ISBN 978–5–9558–0577–1.

Kirsanov, S., Safonov, E., Kolev, P. [et al]. Provision of state and municipal services in the areas of urban passenger transport in Russia and Bulgaria [*Predostavlenie gosudarstvennykh i munitsipal'nykh uslug v sfere gorodskogo passazhirskogo transporta v Rossii i Bolgarii*]. Moscow, Nauch. b-ka, 2018, 150 p. ISBN 978–5–6040214–1–5.

Kononov, D. P. Forecasting of the reliability of solid wheels: Monograph [*Povyshenie nadezhnosti tsel'nokatanykh koles: monografiya*]. Moscow, Biblio-Globus publ., 2018, 246 p. ISBN 978–5–9500957–9–5.

Kramar, V. A., Dushko, V. R., Dusko, V. V. Generalized mathematical model of the spatial displacement of a drilling vessel: Monograph [*Obobshchennaya matematicheskaya model' prostranstvennogo peremeshcheniya burovogo sudna: Monografiya*]. Moscow, Vuzovskiy uchebnik: Infra-M, 2018 publ., 116 p. ISBN 978–5–9558–0591–7.

Lazarev, I. V., Belutsky, T. Yu. Evaluation of the remaining load capacity of ribbed reinforced concrete span structures with frame armature: Monograph [*Voprosy otsenki ostatochnogo resursa gruzopod'emnosti rebristyyh zhelezobetonnyh proletnyh stroenii s karkasnoi armaturoi: Monografiya*]. Khabarovsk, Publishing House of TOGU, 2018, 213 p. ISBN 978-5-7389-2469-9.

Mariukhnenko, V. S. Radar systems on railway transport: prospects of application [*Radiolokatsionnye sistemy na zheleznodorozhnom transporte: perspektivy primeneniya*]. Novosibirsk, Nauka publ., 2017, 147 p. ISBN 978-5-02-038702-7.

Meshcheryakov, A. V. Formation of mechanisms for realization of human motor activity in extreme situations (on the example of training and preparation of cadets-pilots): Monograph [*Formirovanie mekhanizmov realizatsii dvigatel'noi deyatelnosti cheloveka v ekstremal'nykh situatsiyakh (na primere obucheniya i podgotovki kursantov-pilotov): Monografiya*]. Moscow, OntoPrint publ., 2018, 215 p. ISBN 978-5-00121-026-9.

Modern problems of life safety: intelligent transport systems and situational centers: materials of 5th International Scientific and Practical Conference: ITS Forum – Kazan 2018 [*Sovremennyye problemy bezopasnosti zhiznedeyatel'nosti: intellektual'nye transportnye sistemy i situatsionnye tsentry: materialy V Mezhdunarodnoi nauchno-prakticheskoi konferentsii: ITS Forum – Kazan 2018*]. Gen. ed. by R. N. Minnikhanov. Kazan, Center for Innovative Technologies, 2018, Part 1, 495 p.; Part 2, 359 p.

Penkovskaya, K. V., Menshikov, V. I. Methods of formation of transparent models of the watch keeping system and their practical use: Monograph [*Metody formirovaniya transparentnykh modelei sistemy neseniya vahty i ih prakticheskoe ispol'zovanie: Monografiya*]. Murmansk, Publishing house MSTU, 2018, 195 p. ISBN 978-5-86185-946-2.

Popov, A. V., Chernova, G. A. Urban transport flow and its influence on the drivers' work intensity at the example of Volzhsky city: Monograph [*Gorodskoi transportnyi potok i ego vliyanie na napryazhennost' truda voditelei na primere goroda Volzhskogo: Monografiya*]. Volgograd, VolgSTU, 2018, 222 p. ISBN 978-5-9948-2713-0.

Savin, A. V. Ballastless track [*Bezballastnyy put'*]. Moscow, RAS publ., 2017, 189 p. ISBN 978-5-990914-71-1.

Sazonov, S. L. Transport of China: a place and role in development of the national economy [*Transport KNR: mesto i rol' v razvitii natsional'noi ekonomiki*]. Moscow, IFES RAS publ., 2018, 343 p. ISBN 978-5-8381-0328-4.

Shashlyuk, Yu. A., Bagretsov, S. A., Dobrynin, V. N. Safety management of operation of railway transport systems: problems, concepts, technologies, search, choice, analysis, estimation, forecast, solution: Monograph [*Upravlenie bezopasnost'yu ekspluatatsii zheleznodorozhnykh transportnykh sistem: problemy, kontseptsii, tehnologii, poisk, vybor, analiz, otsenka, prognoz, reshenie: Monografiya*]. Moscow, VNIIGeosistem publ., 2018, 389 p. ISBN 978-5-8481-0225-3.

Treiman, M. G., Timofeeva, A. V. Management and development of the logistics activity of a waste transportation company: Monograph [*Upravlenie i razvitie logisticheskoi deyatelnosti predriyatiya po transportirovke othodov: monografiya*]. St. Petersburg, Asterion publ., 2018, 95 p. ISBN 978-5-00045-550-0.

Tsvigun, V. N., Shur, E. A., Kuznetsov, V. N., Koynov, R. S. Studying the mechanisms of contact fatigue defects in rails: Monograph [*Izuchenie mekhanizmov kontaktno-ustalostnykh defektov v rel'sah: Monografiya*]. Novokuznetsk, SGIU publ., 2017, 132 p. ISBN 978-5-7806-0497-6.

Vulfov, A. B. History of railways of the Russian Empire [*Istoriya zheleznnykh dorog Rossiiskoi imperii*]. Moscow, Ripol classic publ., 2018, 741 p. ISBN 978-5-386-10583-9.

Yarmolinsky, A. I., Yarmolinsky, V. A. Measures to stabilize the water-temperature regime of the roadbed during design, construction and major repairs of roads in the southern part of the Far East [*Meropriyatiya po stabilizatsii vodno-temperaturnogo rezhima zemlyanogo polotna pri proektirovanii, stroitel'stve i kapital'nom remonte avtomobil'nykh dorog yuzhnoi chaste Dal'nego Vostoka*]. Khabarovsk, Publishing House of TOGU, 2018, 185 p. ISBN 978-5-7389-2454-5.
