

NEW BOOKS ON TRANSPORT AND TRANSPORTATION

For the original list of editions published in Russian please see p. 336.

DOI: <https://doi.org/10.30932/1992-3252-2019-17-336-338>

Alekhin, M. Yu., Mamedova, L. E. Methodology for normalizing a ship construction cycle at an enterprise: Monograph [*Metodologiya normirovaniya tsikla postroiki sudna na predpriyatii: Monografiya*]. St. Petersburg, SPbGMTU, 2019, 124 p. ISBN 978-5-88303-587-5.

Antipin, D. Ya., Bulychyev, M. A. Design of heating systems of cars: Monograph [*Proektirovanie teprotekhnicheskikh sistem vagonov: Monografiya*]. Bryansk, Publishing House of BSTU, 2019, 191 p. ISBN 978-5-907111-77-6.

Antipin, D. Ya., Vorobyov, V. I., Izmerov, O. V., Kosmodamiansky, A. S. Application of technical innovation in the design of new locomotive components: Monograph [*Primenenie tekhnicheskoi innovatsioniki pri proektirovanii novykh uzlov lokomotivov: Monografiya*]. Kursk, Universitetskaya kniga, 2019, 219 p. ISBN 978-5-907270-10-7.

Ashikhmin, S. A. Refueling of vehicles with fuel and lubricants: Textbook [*Zapravka transportnykh sredstv goryuchimi i smazochnymi materialami: Uchebnik*]. 2nd ed. ster. Moscow, Academia, 2019, 206 p. ISBN 978-5-4468-8108-6.

Avdeeva, I. L., Andieva, E. Yu., Afanasyev, V. B. [et al]. Digital economics: problems and consequences of modern technologies: Monograph [*Tsifrovaya ekonomika: problemy i posledstviya sovremennykh tekhnologii: Monografiya*]. Ed. by A. Polyaniin. Oryol, Publishing House of the Central Russian Institute of Management – Ranepa Branch, 2019, 222 p. ISBN 978-5-93179-600-0.

Balalaev, A. N., Ziyatdinov, A. M., Parenjuk, M. A., Timkin, D. M. Design of land vehicles using cellular structures: Monograph [*Proektirovanie nazemnykh transportnykh sredstv s ispolzovaniem sotovykh konstruksii: Monografiya*]. Samara, SamGUPS Publishing House, 2019, 195 p. ISBN 978-5-98941-312-6.

Borusevich, V. O., Rusetskiy, A. A., Sazonov, K. E., Solovyov, I. A. Modern hydrodynamic laboratories: Monograph [*Sovremennye gidrodinamicheskie laboratorii: Monografiya*]. St. Petersburg, Krylov State Scientific Center, 2019, 315 p. ISBN 978-5-903002-89-4.

Chislov, O. N., Khan, V. V., Zadorozhniy, V. M., Suprun, E. E. Railway stations and nodes: computer-aided design and calculation systems: Study guide

[*Zheleznodorozhnie stantsii i uzly: sistemy avtomatizirovannogo proektirovaniya i rascheta: Ucheb. posobie*]. Rostov-on-Don, RGUPS, 2019, 73 p. ISBN 978-5-88814-876-1.

Fevraleva, V. A., Doronkin, V. N., Shishyanu, D. N. Physico-chemical principles of cargo transportation: Study guide [*Fiziko-khimicheskie osnovy perevozki gruzov: Ucheb. posobie*]. Rostov-on-Don, RGUPS, 2019, 67 p. ISBN 978-5-88814-850-1.

Gapeev, A. M., Kononov, V. V., Morgunov, K. P. Hydraulic calculations of shipping locks: Monograph [*Gidravlicheskie raschety sudokhodnykh shlyuzov: Monografiya*]. St. Petersburg, Publishing House of Admiral Makarov GUMRF, 2019, 116 p. ISBN 978-5-9509-0359-5.

Gazhur, A. A. Management of innovative projects: Study guide [*Upravlenie innovatsionnymi proektami: Ucheb. posobie*]. Plekhanov REU, 2019, 203 p. ISBN 978-5-7307-1413-7.

Gladov, G. I., Petrenko, A. M. Car arrangement: Textbook [*Ustroistvo avtomobilei: Uchebnik*]. 3rd ed., ster. Moscow, Academia, 2019, 350 p. ISBN 978-5-9907025-7-8.

Gorbunov, A. A., Agapova, T. V. State policy in the transport sector: Russian experience in forming the image of law enforcement agencies in transport [*Politika gosudarstva v transportnoi sfere: rossiiskii opyt formirovaniya imidzha pravookhranitelnykh organov na transporte*]. Moscow, 2019, 254 p. ISBN 978-5-9907025-7-8.

Grachev, V. V. Prescriptive control of the energy efficiency of a diesel locomotive using intelligent methods for processing measurement information: Monograph [*Preskriptivniy kontrol' energoeffektivnosti teplovoza s ispolzovaniem intellektualnykh metodov obrabotki izmeritelnoi informatsii*]. St. Petersburg, PGUPS, 2019, 105 p. ISBN 978-5-7641-1400-2.

Karagodin, V. I., Mitrokhin, N. N. Car engine repair: Textbook [*Remont avtomobilnykh dvigatelei: Uchebnik*]. 3rd ed., ster. Moscow, Academia, 2019, 446 p. ISBN 978-5-4468-8445-2.

Kiriakidi, S. K. Aircraft design: Study guide [*Proektirovanie samoletov: Ucheb. posobie*]. Voronezh, VSTU Publishing House, 2019, 114 p. ISBN 978-5-7731-0827-6.

Kirpichnikov, V. Yu. Harm and use of resonance phenomena in elements of ship structures: Monograph [*Vred i polza rezonansnykh yavlenii v elementakh sudovykh konstruksii: Monografiya*]. St. Petersburg, Krylov State Scientific Center, 2019, 174 p. ISBN 978-5-903002-54-2.

Koroleva, L. A., Korolev, E. V., Slesarchuk, I. A. [et al]. Service in aviation: Study guide [*Servis v aviatsii: Ucheb. posobie*]. Vladivostok, Publishing House of VSUES, 2019, 335 p. ISBN 978-5-9736-0552-0.

Kozin, V. M., Zemlyak, V. L., Rogozhnikova, E. G. Behavior of the ice sheet under conditions of bending-

gravitational resonance with pair motion of loads: Monograph [*Povedenie ledyanogo pokrova v usloviyakh izgibno-gravitatsionnogo rezonansa pri parnom dvizhenii nagruzok: Monografiya*]. Novosibirsk, Publishing House of the Siberian Branch of the Russian Academy of Sciences, 2019, 108 p. ISBN 978-5-7692-1663-3.

Lenkovskaya, R. R. Civil regulation of the contract of carriage by road in the Russian Federation: Monograph [*Grazhdansko-pravovoe regulirovanie dogovora perevozki avtomobilnym transportom v Rossiiskoi Federatsii: Monografiya*]. Saratov, Saratovskiy istochnik, 2019, 127 p. ISBN 978-5-91879-934-5.

Mayboroda, O. V., Stepanov, A. A. Arrangement and maintenance of vehicles of categories «B», «BE» as control objects: Textbook [*Ustroistvo i tekhnicheskoe obsluzhivanie transportnykh sredstv kategorii «B», «BE» kak ob'ektov upravleniya*]. Moscow, Academia, 2019, 157 p. ISBN 978-5-4468-4000-7.

Nekrasov, A. G., Ataev, K. I., Sinitsyna, A. S., Neretin, A. A. System engineering and digital technologies in transport (digital transformation): Study guide [*Sistemnaya inzheneriya i tsifrovie tekhnologii na transporte (tsifrovaya transformatsiya): Ucheb. posobie*]. Moscow, Tekhpolygon, 2019, 155 p. ISBN 978-5-94385-151-3.

Rayushkina, A. A., Shiryayev, S. A., Balakina, E. V. Improving safety of agricultural goods during transportation as a factor in competitive advantages of road transport: Monograph [*Povyshenie sokhrannosti selskokhozyaistvennykh gruzov pri perevozkakh kak faktor konkurentnykh preimushchestv avtomobilnogo transporta: Monografiya*]. Volgograd, VolgSTU, 2019, 138 p. ISBN 978-5-9948-3249-3.

Ruposov, V. L. Production Logistics: Study guide [*Proizvodstvennaya logistika: Ucheb. posobie*]. Irkutsk, Publishing House of Irkutsk National Research Technical University, 2019, 188 p. ISBN 978-5-8038-1448-1.

Shavkunova, L. V. Technical aviation English: Study guide [*Tekhnicheskii aviatsionnyy angliiskiy yazyk: Ucheb. posobie*]. Ulyanovsk, UI CA, 2019, 135 p. ISBN 978-5-7514-0278-5.

Slobodchikov, V. Yu., Lebedev, S. V., Dolgushin, A. I. Car body repair: Textbook [*Remont kuzovov avtomobilei: Uchebnik*]. Moscow, Academia publ., 2019, 251 p. ISBN 978-5-4468-7708-9.

Stenin, V. A., Lebedeva, E. G. Vortex and two-phase flows in the washing technology of ship systems: Monograph [*Vikhrevie i dvukhfaznye potoki v tekhnologii promyivki sudovykh sistem: Monografiya*]. Arkhangelsk, SAFU, 2019, 103 p. ISBN 978-5-261-01407-2.

Tokarev, V. P., Kudashov, D. D. Instruments and electronic equipment of aircraft: Study guide [*Pribory i radioelektronnoe oborudovanie letatelnykh apparatov: Ucheb. posobie*]. Ufa, RIK UGATU, 2019, 272 p. ISBN 978-5-4221-1304-0.

Verbitsky, S. V., Chesnokova, I. G. Liquefied natural gas at sea: production, transportation, regasification: Analytical review [*Szhizhenniy prirodnyy gaz v more: proizvodstvo, transportirovka, regazifikatsiya: Analiticheskiy obzor*]. St. Petersburg, Krylov State Scientific Center, 2019, 200 p. ISBN 978-5-903002-98-6.

Vinogradov, V. M. Technological processes of maintenance and repair of cars: Textbook [*Tekhnologicheskie protsessy tekhnicheskogo obsluzhivaniya i remonta avtomobilei: Uchebnik*]. 2nd ed., ster. Moscow, Academia, 2019, 254 p. ISBN 978-5-4468-8207-6.

Zheleznyak, A. A. Improving the methods and means of controlling a ship's electric power installation of a fishing vessel: Monograph [*Sovershenstvovanie metodov upravleniya sudovoi elektroenergeticheskoi ustanovkoi rybopromyslovogo sudna: Monografiya*]. Ulyanovsk, Zebra, 2019, 126 p. ISBN 978-5-6042827-4-8.
