

NEWLY PUBLISHED BOOKS ON TRANSPORT AND TRANSPORTATION

Accounting under IFRS. Theory and practice of its application in rail transport: educational guide [*Uchet i otchetnost' po MSFO. Teoriya i praktika primeneniya na zheleznodorozhnom transporte: Ucheb. posobie*]. N. A. Zhuravleva [et al], ed. by G. V. Kraft. Moscow, A-Design, 2015, 189 p.

Afanasyev, V. G. Fundamentals of Management: Textbook for bachelors [*Osnovy menedzhmenta: Uchebnik dlja bakalavrov*]. Moscow, Aeroflot flying school, 2015, 400 p.

Alabina, O. M., Laptev, A. A., Petrov I. Dictionary of aviation safety [*Slovar'-spravochnik po aviacionnoj bezopasnosti*]. Moscow, Magistral' publ., 2015, 430 p.

Bracson, V. V., Nikiforova, N. B., Strunnov, A. A. Electric locomotive 2ES6 «Sinara» [*Elektrovoz 2ES6 «Sinara»*]. Verhnijaya Pyshma; Moscow, Intekst publ., 2015, 326 p.

Butakova, N. A. Contract of direct mixed (multi-modal) transportation of goods [*Dogovor prjamoy smeshannoj (mul'timodal'noj) perevozki gruzov*]. St. Petersburg, SZIU publ., 2015, 379 p.

Chernaya, O. O. Aviation support and law [*Aviameteoobespechenie i pravo*]. Moscow, Dashkov and Co publ., 2016, 335 p.

Colin, G. The Complete Book of Locomotives [*Parovozy i lokomotivy: ot samyh pervyh do samyh sovremennyh. Trans. from English*]. Moscow, Eksmo publ., 2015, 272 p.

Fedotov, P. I. Handling machinery: Textbook [*Pod'emno-transportnye mashiny: Uchebnik*]. 2nd ed., rev. and enl. Moscow, ASV publ., 2015, 200 p.

Grafkina, M. V., Mikhailov, V. A., Ivanov, K. S. Ecology and environmental safety of a car: Textbook [*Ekologiya i ekologicheskaja bezopasnost' avtomobilja: Uchebnik*]. 2nd ed., rev. and enl. Moscow, Forum; Infra-M publ., 2016, 319 p.

Improvement of investment efficiency in rail transport [*Povyshenie effektivnosti investicionnoj dejatel'nosti na zheleznodorozhnom transporte*]. A. V. Martsinkovskaya, A. A. Gavrilkenov, E. A. Stupnikova [et al]; ed. by D. A. Macheret, A. V. Martsinkovskaya. Moscow, MIIT publ., 2015, 172 p.

Kharchenko, A. O., Kiyashko, L. A., Soustova, L. I. Specialized rolling stock of vehicles and handling devices: educational guide [*Specializirovannyj podvizhnoj sostav avtotransporta i pogruzochno-razgruhochnye ustrojstva: Ucheb. posobie*]. Sevastopol State University. Moscow, Vuzovskij uchebnik; Infra-M publ., 2016, 127 p.

Kopylova, O. A., Rakhmangulov, A. N. Placement of regional logistics centers [*Razmeshenie regional'nyh logisticheskij centrov*]. Magnitogorsk, MGTU publ., 2015, 172 p.

Kreinis, Z. L. Railway track of speed and high-speed lines: educational guide [*Zheleznodorozhnyj put' skorostnyh i vysokoskorostnyh magistralej: Ucheb. posobie*]. Moscow, RZD publ., 2015, 277 p.

Monitoring of technical condition and operation mode of locomotives in TMX-Service: Theory and Practice [*Monitoring tehničeskogo sostojanija i rezhimov ekspluatatsii lokomotivov v TMX-Servis: teoriya i praktika*]. K.V. Lipa, A.A. Belinsky, V.N. Pustovoy [et al]; tot. ed. by I.K. Lakin. Moscow, Lokomotivnye tehnologii publ., 2015, 211 p.

Morozova, V. S., Polyatsko, V. L. Environmental friendliness of vehicles: educational guide [*Ekologicheskaja bezopasnost' transportnyh sredstv: Ucheb. posobie*]. 2nd ed., rev. and enl. Chelyabinsk, YuURGU publ., 2015, 52 p.

Organization of interaction of railway stations and automotive companies in transport hubs: educational guide [*Organizacija vzaimodejstvija zheleznodorozhnyh stancij i avtomobil'nyh predpriyatij v transportnyh uzlah: Ucheb. posobie*]. P. K. Rybin [et al]. St. Petersburg, PSTU publ., 2015, 55 p.

Organization of production efficiency management in rail transport [*Organizacija upravlenija effektivnost'ju proizvodstva na zheleznodorozhnom transporte*]. A. V. Davydov, I. M. Malozhon, V. A. Burmistrov, A. A. Prudnikov. Novosibirsk, NGAVT publ., 2015, 263 p.

Organizing and managing life cycle of lifting and transport, building and road machines: educational guide [*Organizacija i upravlenie zhiznennym ciklom pod'emno-transportnyh, stroitel'nyh i dorozhnyh mashin: Ucheb. posobie*]. V. S. Isakov [et al]. Novocherkassk, YURGPU publ., 2015, 87 p.

Osintsev, I. A., Loginov, A. A. Design and operation of electric locomotive 2ES10: educational guide [*Ustrojstvo i ekspluatatsija elektrovoza 2ES10: Ucheb. posobie*]. Moscow, RZD publ., 2015, 331 p.

Politkovskaya, I. V., Khvichia, D. T. Financial aspects of innovation at transport enterprises [*Finansovyje aspekty osushhestvlenija innovacij na predpriyatijah transporta*]. Moscow, MADI publ., 2015, 155 p.

Potaniin, A. A., Myskov, O. V. Arrangement, operation and maintenance of electric locomotives series EP1, EP1M (P): educational guide [*Ustrojstvo, ekspluatatsija i remont elektrovozov serii EP1, EP1M(P): Ucheb. posobie*]. Moscow, RZD publ., 2015, 342 p.

Pryadkin, V. M. Reconstruction of Trans-Siberian railway in the USSR and construction of the Baikal-Amur Mainline in 30-50 years of XX century [*Rekonstrukcija Transsibirskoj magistrali v SSSR i stroitel'stvo Bajkalo-Amurskoj magistrali v 30-50 gg. XX veka*]. Stavropol, Logos publ., 2015, 123 p.

Pustovetov, M. Yu. Simulation of phenomena in auxiliary asynchronous electric drive of electric rolling stock [*Imitacionnoe modelirovanie javlenij vo vspomogatel'nom asinhronnom elektropivode elektropodvizhnogo sostava*]. Rostov-on-Don, RSTU publ., 2015, 158 p.

Puzyrev, V. P. Articles on the history of merchant fleet of the USSR [*Stat'i po istorii trgovogo flota SSSR*]. Moscow, Rosarchiv publ., 2015, 194 p.

Rozhko, O. N., Khomenko, V. V., Makarova, E. V. Innovations in management of transport logistics systems [*Innovacii v upravlenii transportnymi logisticheskimi sistemami*]. Kazan, Brig publ., 2015, 186 p.

Rusanov, A. N., Rusanova, N. I. Guide. Moscow Ring Railway in its past and present [*Putevoditel'. Moskovskaja kol'cevaja zheleznoj doroga v ee proshlom i nastojashhem*]. Moscow, 2015, 258 p.

Sakulieva, T. N., Matveeva, N. S. Transport Corridor «Transsiberian»: problems and prospects [*Transportnyj koridor «Transsib»: problemy i perspektivy razvitiya*]. Moscow, GUU publ., 2015, 96 p.

Sandakova, N. Yu. Transport infrastructure of regions: theory, methodology and practice of innovation development [*Transportnaja infrastruktura regionov: teoriya, metodologija i praktika innovacionnogo razvitiya*]. Moscow, Vash poligraficheskij partner publ., 2015, 169 p.

Selin, V. A. Technical and economic bases of rail transport: educational guide [*Tehniko-ekonomicheskie osnovy zheleznodorozhnogo transporta: Ucheb. posobie*]. Chita, ZabIZhT publ., 2015, 232 p.

Stations of specialized lines: educational guide [*Stancii specializirovannyh linij: Ucheb. posobie*]. Efimenko, Yu. I. [et al]. St. Petersburg, PSTU publ., 2015, 119 p.

Tskipurishvili, V. B. Analysis of destruction of nodes and of parts of railway rolling stock and their repair [*Analiz razrushenij uzlov i detalej podvizhnogo sostava zheleznyh dorog i ih remont*]. Moscow, MIIT publ., 2015, 306 p.

Ushakov, D. V. Organization of container cargo transportation [*Organizacija kontejnernykh perevozok gruzov*]. Moscow, TransLit publ., 2015, 206 p.

Zelenchenko, A. P., Tsaplin, A. E., Rolle, I. A. Reliability of electric rolling stock: educational guide [*Nadezhnost' elektropodvizhnogo sostava: Ucheb. posobie*]. St. Petersburg, PSTU publ., 2015, 38 p.
